**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joseph McKinney Muncy, Attorney of Record, on November 1, 2004.

The application has been amended as follows:

In the Claims:

In claim 1, last line, "any axis" has been changed to -- all axes --.

In claim 12, line 7, "minimally" has been changed to -- maximally --.

In claim 12, line 7, "maximally" has been deleted.

In claim 13, line 1, "fun" has been changed to -- fan --.

In claim 13, line 3, "the" has been changed to -- a fan --.

In claim 18, line 1, "fun" has been changed to -- fan --.

In claim 18, line 3, "the" has been changed to -- a fan --.

Art Unit: 3745

The above changes to claims 12-13 and 18 have been made to correct indefinite claim language. The above change to claim 1 has been made in order to place the application in condition for allowance for the reasons set forth below.

*Reasons for Allowance*

The following is an examiner's statement of reasons for allowance: Claim 1 has been amended to recite that the inlet which is located in a plane is non-symmetrical with respect to all axes lying in the plane. Hashimoto 2004/0123978 and Japanese Patent 55-69,799 are the closest art of record and disclose fans with non-symmetric inlets, but do not disclose that the inlet which is located in a plane is non-symmetrical with respect to all axes lying in the plane. None of the prior art of record discloses or suggests this feature.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

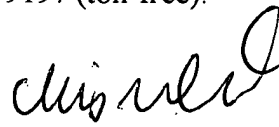

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher Verdier whose telephone number is (703)-308-2638. The examiner can normally be reached on Monday-Friday from 10:00-6:30.
